

# Building Futures with Women & Children Site Visit

August 20, 2013

CCCF visited Building Futures with Women and Children on August 20, and toured three of its facilities. Building Futures offers immediate housing and shelter, and long-term assistance to battered women and their children. Many of these women need shelter because they have no one to turn to and no safe place to stay.

Building Futures helps these women and their families by providing services that include short-term therapy, affordable housing, and budget counseling. CCCF is excited to work with this organization.
